**Liquid Zeolite Plus -100% Pure Natural Organically Formulated**

Sept. 30th 2008 \*Kim from Tennessee just called us and said she has experienced a remarkable improvement with her autistic child in just 5 days of starting him on the Zeolite!

Liquid Zeolite is 100% organic natural zeolite delivered in a bed of Humic and Fulvic mineral complex. This is the NEWEST most scientific method to delivery zeolite to the cells. A proprietary, organically induced, advanced technology is used to absorb the natural cellular zeolite directly into the molecular structure of the humic mineral complex. The zeolite mineral molecule is ingested by the humic mineral complex, producing a highly stable and suspended potent bio-available cell-penetrating supplement. NO HARSH CHEMICALS OR SOLVENTS USED. Combining zeolite with humic minerals, delivers a powerful natural chelating, pH balancing, immune supporting & re-mineralizing vitality supplement. **This is not a MLM product!**

## **Major Benefits of Liquid Zeolite Plus:**

- **Won't strip vital minerals as plain, unloaded zeolite's may!!**
- **Re-mineralizes**
- **No Side-Effects**
- **100% Bio-available**
- **May Improve Mood**
- **Boost Energy Levels**
- **Reduction in Fatigue**
- **Increases assimilation**
- **Stimulates Metabolism**
- **Maintain Proper pH levels**
- **100% Safe for Long-Term Use**
- **Acts as a Free-Radical Reducer**
- **Supports Immune System Function**
- **Removes Heavy Metals and Toxins**
- **Crosses Blood-Brain Barrier Quickly**

## **What Is Zeolite?**

The zeolites are a group of minerals with a four-sided honeycomb structure and, rare among minerals, a negative magnetic charge. The effect of the structure and the magnetic charge is that zeolite draws heavy metals and toxins to it and simply engulfs them. The toxins "check in" and they can't "check out." Then the zeolite carries them safely and harmlessly out of the body through normal digestion. Because of its effect on toxins, zeolite has been used as a supplement in China for more than 800 years. In the West, it has been used by industry for various tasks, including to clear up water pollution and as a feed additive for animals. The form of zeolite in our products (there are nearly 50 naturally-occurring zeolites) is called "clinoptilolite," and it is this type of zeolite that has been studied for its effect in human nutrition.

## **Product Features**

- Provides Pure Super-Concentrated Liquid Zeolite in 100% bio-available miracle humic acid & mineral complex, enabling the zeolite to readily penetrate cell walls where it can help to repair DNA, attack cancer cells, remove toxins and heavy metals and re-mineralize.
- Provides 70-90 Essential Nutrients Necessary for the Body to Strengthen the Immune System
- Provides Nutrients Vital to the Immune System's Capability of Pursuing Cancer, Viruses, Pathogens, and Bacterial Infections of all Varieties
- Provides Amino Acid & Organic Nutrients that the Body Needs in Order to Stimulate Metabolism
- Provides Nutrients that the Body Needs to Quickly Assimilate Vitamins, Minerals & Other Nutrients.
- Contains the Most powerful Anti-Oxidants and Free Radical Scavengers known!
- A True Intracellular Nutrient-rich formula required for optimally healthy cells, anti-aging, and longevity. Contains micro- and macro-minerals that have a unique, slightly alkaline body-friendly ph of 7.4 – 8.0, created through a proprietary scientific process.
- No Additives, No Harsh Chemical Reagents

\*Energy Booster, Immune System Enhancer, Potent Detoxifier, Overall Wellness Enhancer, Oxygenator, 100% Natural Chelator (removes heavy metals & toxins slowly and safely).

Extremely safe and non-toxic: Our zeolite is completely all natural and 100% non-toxic. It is totally eliminated from the body after 5 to 7 hours and is not chemically formulated or cleaned as is the MLM brand.

Removes heavy metals: Zeolite has the perfect molecular structure for capturing and removing heavy metals from the body, including mercury, cadmium, lead, arsenic, aluminum, tin, and excess iron. It also removes radioactive metals like cesium and Strontium-90. The process begins immediately. Continued use protects the body from re-accumulation toxicity.

100% Safe Oral Chelation: Traditional chelating agents have built in limitations when it comes to safely removing mercury, lead, cadmium and arsenic. One drawback is that agents such as endrate (EDTA) or the drug DMPS have a high affinity for essential minerals such as calcium, and remove them with the heavy metals. A second issue is the phenomenon known as “pull-and-drop”, where a chelation agent pulls out a toxin from the tissues, but then drops the toxin into the bloodstream. **Liquid Zeolite Plus Humic/Fulvic Acid Complex is free of this risk.**

Removes pesticides, herbicides and dioxins: Although zeolite is unable to remove these directly due to their negative or neutral charge, by reducing the toxic load to the liver, liver-induced glucuronidation, their main means of removal, is increased. As these chemicals are prime candidates for triggering cancer and disrupting hormone balance even in low levels, it is very important that they are removed from the body as quickly as possible.

Helps buffer body pH to a healthy alkalinity: A slightly alkaline body pH (7.35 - 7.45) is essential for good health and optimal immune function. Zeolite attracts and then buffers excess protons which cause acidity and in this way can help many conditions including acid reflux, Candida, and inflammation such as arthritis.

Reduces viral load: And once the heavy metal concentrations have been reduced, the zeolite latches on to viral pieces or components. Because viruses replicate by first manufacturing viral components and then assembling them into a complete virus, liquid zeolite, in essence, removes parts from the assembly line and blocks viral replication.

Reduces absorption of nitrosamines: Nitrosamines (or nitrates) are most commonly found in processed meats, and have been linked to pancreatic, stomach and colon cancer, as well as to Type II diabetes. Liquid zeolite captures nitrosamines in the digestive tract before they can be absorbed.

Helps to buffer blood sugar: In the same way that zeolite can buffer excess protons and thus help balance body pH, it can also buffer excess glucose by its negative charge and therefore helps reduce blood sugar spikes.

Helps reduce cancer risk: Evidence is accumulating that liquid zeolite not only removes toxins that can cause cancer (75% or more of cancers may be toxin-related), but can also destroy cancer cells directly by triggering the P-21 tumor repressor gene. Research is ongoing.

Improves nutrient absorption: In the gastro-intestinal tract, the presence of liquid zeolite increases nutrient absorption and helps promote healthy gut microorganisms, decreasing the likelihood of stomach flu's and infections.

Acts as a powerful antioxidant: The cage-like structure of liquid zeolite also traps free radical molecules, making it an effective antioxidant. This does not mean that liquid zeolite is a substitute for vital antioxidants found in organic whole foods.

Reduces allergens: Liquid zeolite captures some of the allergens and antigens that trigger allergies, migraines, and asthma, and helps to reduce symptoms.

Increases immune system function: Liquid zeolite does not stimulate the immune system, but allows it to function optimally by removing toxins, viruses, yeasts, bacteria and fungi which can depress immune function and interfere with hormones. Many people report feeling increased energy, clarity and vitality.

Helps prevent premature aging: Many people age prematurely due to a build-up of toxins which interferes with optimal metabolic function and cellular repair. By using liquid zeolite to remove this toxic overload, the body's normal repair and regeneration mechanisms are free to work efficiently.

**Ingredients** (100% Natural and Organically Formulated)

Natural Liquid Zeolite (clinoptilite), Humic and Fulvic Acid Complex (70 - 90 naturally occurring prehistoric plant trace minerals) and purified water.

**Suggested Dosage:**

Maintenance dose: 5 drops 2-3 times daily

Detoxification: 10 drops 3-4 times daily

Work up to: 15 drops 4 times daily

Or as directed by a healthcare professional.

One may wish to start off at the 5 drops and then gradually increase by adding 2 drops more every couple of days up to the 15 drops 4 times a day and then continue this for at least 45 days or possibly much longer depending on how toxic you are and your daily toxin exposure. Once you get down to where you want to be it would be wise to continue on then with the maintenance dose - as we are constantly bombarded with pollution and toxins of all sorts.

**\*Our Heavy Metal Home Use Test is a good way to track results and a great indicator to let you know when you can drop down to a maintenance dose.**

**Very Important...**Be Sure to drink 8 -10 glasses of pure water daily to aid in the flushing of toxins and elimination processes.
